

**SAFETY DATA
SHEET****1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING****Product identifier****Product Name** Vergali Activated Bamboo Charcoal Odor Absorber Bags**Other means of identification - product variants**

Model #	Product Name	UPC / EAN	ASIN
VG-CharOdo	Vergali Charcoal Odor Absorber Bags, 10-pack	5060560770343	B08DSYZGVB
VG-ChaOdo5	Vergali Charcoal Odor Absorber Bags, 5-pack	5060560771067	B0G2BD7G18
VG-ChaOdo6	Vergali Charcoal Shoe Odor Bags, 6-pack	5060560771050	B0FT33HQPDP

Recommended use of the chemical and restrictions on use**Recommended Use** Odour absorber / air freshening bag for domestic use**Uses Advised Against** No information available**Details of the supplier of the safety data sheet**

Supplier Name Apex Alliance LLC
Supplier Address 30 N Gould St, Ste 20609, Sheridan, WY 82801
Supplier Phone Number 844-460-1234
Supplier Email support@vergali.com
Emergency telephone number 844-460-1234

2. HAZARDS IDENTIFICATION**Classification**

This product is an "article" and is not classified as dangerous. The product is not classified as hazardous under the OSHA Hazard Communication Standard (29 CFR 1910.1200) or the CLP Regulation (EC) No 1272/2008. Hazard category: not classified.

Signal word None

Hazard Statements: None. The product contains no substances which at their given concentration are considered to be hazardous to health.

Appearance Black granular activated bamboo charcoal enclosed in a woven fabric bag**Physical State** Solid article (charcoal granules in a sealed fabric bag)**Odor** Odorless

Not a self-heating substance. The product does not belong to self-heating substances and is not classified under Division 4.2; it is not offered for transport as UN 1362.

Nuisance dust only. Charcoal fines may be released if a bag is cut or torn. Avoid generating or inhaling dust.

Precautionary Statements - Prevention

Handle with care. Wash hands after handling. Keep the bag intact - do not cut or tear it. Avoid generating or inhaling charcoal dust.

Precautionary Statements - Response

Eyes: IF IN EYES: Rinse cautiously with water for several minutes. If any doubt, get medical advice/attention.

Skin: IF ON SKIN: Wash with plenty of water. If irritation persists: Get medical advice/attention.

Precautionary Statements - Storage

Store in a well-ventilated place. Keep out of reach of children.

Precautionary Statements - Disposal

Dispose of contents/container in accordance with local/regional/national/international regulations.

Hazards not otherwise classified (HNOC) The product does not contain substances with endocrine disrupting properties in concentration $\geq 0.1\%$.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Composition of the charcoal fill. Weight-% is of the fill, not of the retail carton. Source: supplier lab MSDS EXP-2025032802 (3 Apr 2025).

Chemical Name	CAS No.	Weight-%	Trade Secret
Charcoal (activated bamboo charcoal)	7440-44-0	>=90	N/A
Water	7732-18-5	<=12	N/A

Other components of the packed product, supplied as solid articles and not classified as hazardous:

Component	CAS No.	Weight-%	Trade Secret
Woven fabric bag	Not applicable (article)	-	N/A
Stainless steel S-hooks (for hanging)	Not applicable (article)	-	N/A

Note: Any weight shown as a range is to protect confidentiality or is due to batch variation. CAS number is Chemical Abstract Service Registry Number. N/A means not applicable.

4. FIRST AID MEASURES

General Advice	Show this safety data sheet to the doctor in attendance.
Eye Contact	Not an expected route of exposure. If contact occurs, do not rub the affected area. Rinse open eyes for several minutes under running water. If symptoms persist, consult a doctor.
Skin Contact	Wash off with plenty of water or use a recognized skin cleanser. If symptoms persist, consult a doctor.
Inhalation	The product will not be inhaled under normal use. No special measures required.
Ingestion	Not an expected route of exposure. If ingested, rinse your mouth. Do not induce vomiting. Obtain medical attention.
Self-protection of the first aider	Avoid contact with skin or clothing. Use personal protective equipment as required.
Most Important Symptoms and Effects	None
Notes to Physician	Treat symptomatically and supportively.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media	Water mist, alcohol-resistant foam, dry powder or carbon dioxide. Choose extinguishing measures appropriate to local circumstances and the surrounding environment.
Unsuitable Extinguishing Media	No further relevant information available.
Specific Hazards Arising from the Chemical	Combustion may produce carbon monoxide and carbon dioxide. The charcoal fill is combustible but is not self-heating and is not pyrophoric.
Uniform Fire Code	Combustible solid
Sensitivity to Mechanical Impact	No.
Sensitivity to Static Discharge	No.
Protective equipment for firefighters	Fire extinguishing must be done from the windward direction. Firefighters must wear adequate protective equipment (heat-resistant clothing, safety glasses) and self-contained breathing apparatus due to toxic gases generated during a fire.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	Avoid generating dust. Use personal protective equipment if required. Ensure adequate ventilation.
Environmental Precautions	Harmless under normal use. To avoid risks to the environment, comply with the instructions for use.
Methods for Containment and Cleaning Up	Sweep or vacuum up spilled charcoal granules and place them in a suitable closed container for disposal. Avoid raising dust. Do not flush to drains.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Ensure good ventilation at the workplace.
Storage	Keep in a dry and well-ventilated place. Keep out of reach of children.
Incompatible Products	Strong oxidants.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

No exposure limit value of the product is known. The product does not have any harmful effects if used and handled as specified.

Exposure Guidelines	Not applicable
Engineering Measures	Use appropriate equipment and adequate exhaust in confined areas. Wash hands after work or during breaks.
Eye/Face Protection	None required for product use.
Skin and Body Protection	Wear appropriate work clothes to prevent skin exposure.
Respiratory Protection	Respiratory protection is not required for product use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State	Solid - black granules in a woven fabric bag
Color	Black
Odor	Odorless
Flash Point	Not applicable (solid article). Not classified as a flammable liquid and not a flammable solid as supplied.
Flammability (solid, gas)	Not classified as a flammable solid or gas.
Water Solubility	Insoluble
Oxidizing Properties	Not oxidizing
VOC Content (%)	0.0%

Melting/freezing point, boiling point, density, vapor pressure, flammability, flammability/explosive limits, autoignition temperature, decomposition temperature, viscosity, particle characteristics: No data available / Not applicable.

10. STABILITY AND REACTIVITY

Reactivity	No data available.
Chemical Stability	No decomposition if used according to specification. Stable under recommended storage conditions.
Possibility of Hazardous Reactions	None under normal processing.
Hazardous Polymerization	Hazardous polymerization does not occur.
Conditions to Avoid	Avoid exposure to moisture.
Incompatible Materials	Strong oxidants.
Hazardous Decomposition Products	Hazardous decomposition does not occur under normal storage and handling. When heated to decomposition, material emits toxic fumes of carbon oxides.

11. TOXICOLOGICAL INFORMATION

Product Information	No toxicological data available for the mixture. Charcoal (7440-44-0) is not classified for acute toxicity. Prolonged or repeated inhalation of carbon dust in occupational settings is associated with pneumoconiosis; the charcoal in this product is enclosed in a sealed bag and is not intended to be opened, so this route is not expected in normal consumer use.
Inhalation	Specific test data for the mixture is not available.
Eye Contact	Specific test data for the mixture is not available. May cause temporary eye irritation.
Skin Contact	Specific test data for the mixture is not available.

Ingestion	Specific test data for the mixture is not available.
Symptoms	None
Carcinogenicity	No information available.
Target Organ Effects	None known. Dust may cause transient mechanical irritation.

12. ECOLOGICAL INFORMATION

Ecotoxicity	For this product, no effects on aquatic organisms relevant for classification are expected.
Persistence and Degradability	No information available.
Bioaccumulation	No information available.
Other Adverse Effects	Spills and leaks should be cleaned up and removed. Avoid release to the environment.

13. DISPOSAL CONSIDERATIONS

Disposal Methods	Disposal should be in accordance with applicable regional, national and local laws and regulations.
Contaminated Packaging	Empty containers should be properly recycled or disposed of according to local regulations.

14. TRANSPORT INFORMATION

DOT	Non-hazardous / Not regulated
Proper Shipping Name	Not dangerous goods. Not applicable.
Hazard Class	N/A
TDG / IATA / IMDG/IMO / MEX / ICAO / RID / ADR / ADN	Not regulated / Non-hazardous
Marine Pollutant	No
Self-heating (Division 4.2)	Not applicable. Determined NON-RESTRICTED for transport by CNAS-accredited assessment (Shanghai Research Institute of Chemical Industry Testing, certification No. 2020089943). Not shipped as UN 1362.

15. REGULATORY INFORMATION

This product is an odour-absorbing article. It is not a pesticide or a pesticide device and makes no pesticidal claims, so it is not subject to registration or establishment numbering under the U.S. Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

International Inventories

TSCA	Complies
DSL/NDSL	All components are listed either on the DSL or NDSL.

US Federal Regulations

SARA 313	This product does not contain any chemicals subject to the reporting requirements of SARA Title III Section 313 and 40 CFR Part 372.
SARA 311/312 Hazard Categories	Acute Health Hazard: No. Chronic Health Hazard: No. Fire Hazard: No. Sudden release of pressure hazard: No. Reactive Hazard: No.

US State Regulations

California Proposition 65	This product does not contain any Proposition 65 chemicals.
----------------------------------	---

16. OTHER INFORMATION

NFPA	Health Hazards 1 · Flammability 1 · Instability 0
HMIS	Health Hazards 1 · Flammability 1 · Physical Hazard 0 · Personal Protection A
NFPA and HMIS are advisory emergency-response ratings and are not a dangerous-goods classification. Flammability 1 reflects that charcoal is an ordinarily combustible solid requiring pre-heating to ignite; it does not indicate a GHS flammable-solid classification, and it does not indicate a Division 4.2 self-heating substance - see Section 14.
